## AUGUST--THE MONTH OF SALES AND SAVINGS

It is not altogether the money you spend. It is how you spend it, that makes the thrifty man or woman. You can save money by spending it now and here. August is the link between Fall and Summer, the margin between warm and cool weather clothing, and we have to carry both to meet all demands. But our season for warm weather goods of every kind is practically over, and yours is at its height. We cannot carry over another season. \$1.00, or \$10.00, or \$100, goes about twice as far now as at the beginning of the season, and nearly twice as far here as anywhere else at any time.

## People Want Good Roads

Aroused by the action of the Devine precinct in asking for an election on the question of issuing \$40,000 bonds in that precinct for the construction of good roads, all of Medina County has become interested in building good thoroughfares, and in response to an invitation issued by the Commissioners, Court, taxpayers from various parts of the county met in the courthouse at Hondo yesterday afternoon to consider ways and means of improving their roads. County Judge H. E. Haass called the meeting to order and was chosen permanent chairman and Edward J. Brucks was chosen secretary.

So active have been members of the Bexar County highway division of the San Antonio Chamber of Commerce in assisting in road-building throughout Southwest Texas and also so successful in results that their co-operation is frequently sought and an invitation was sent to them to attend the meeting yesterday. In the party that went from San Antonio were D. E. Colp, secretary of the Highway League division of the Chamber of Commerce and president of the San Antonio-Lauredo Highway League; Will H. Vernor, Ray M. Mackey, secretary of the real estate division, and Charles G. Norton, press agent of the Chamber of Commerce.

Judge Haass read the petition from Devine asking the Commissioners' Court to fix a date for the bond election in that precinct, the petition being signed by 113 property taxpayers and also read letters from several citizens of Devine advocating the expenditure of not less than \$40,000 for the permanent improvement of roads in that precinct. He said it had been suggested that as other portions of the country wanted to build good roads also, a bond election might be ordered for the whole county, but a division of sentiment prevailed, some preferring a special tax each year instead of bonds. He said there was no division of sentiment on the question of good roads, but many of the taxpayers were opposed to bonds and believed a special road tax of 15 cents, which would give each precinct \$5,000 annually for its roads, would prove a more satisfactory method. He asked for expressions of opinion from the visitors from San Antonio.

D. E. Colp said that he has been told by a number of persons in Devine that they wanted to issue bonds to build their roads, that they would be willing to join with the whole county in a bond election, but were opposed to a special tax, as the money would not be sufficient to build more than two or three miles in each precinct and would likely be frittered away. He told how bonds had been voted in other counties and good roads built.

Will H. Vernor and Ray M. Mackey also advocated bond issues in preference to special road taxes. Mr. Mackey also spoke of the Harvest Jubilee to be held in San Antonio and asked the support of the people of Medina County in that project.

Judge Haass said that two elections had been held in Medina County within five years, one on the question of voting bonds and one on a special road tax and both had been defeated. He said he would favor whichever was likely to succeed, but he feared a bond issue could not be carried as a two-third majority would be necessary.

August Tschirhart, Commissioner from the Castroville district, spoke in favor of a special tax. He said that the dirt roads in Medina County had proved satisfactory in dry weather and the wet weather was of too short duration to bother the people much. He argued that it costs more to keep macadam roads in good condition than dirt roads, and he believed much good could be done with a small amount each year.

Chris. Schuchart of Riomedina also advocated a special tax, believing it impossible to build enough good roads by a bond issue for the limit possible in Medina County, about \$140,000, to make a showing that would be acceptable to the people.

Joe Ney, a large property owner in the county, said he wanted good roads and he did not care whether the money was raised by a special tax or a bond issue. Other taxpayers expressed their opinions briefly, all showing a desire for good roads, but expressing a fear that a bond issue would be defeated.

County Commissioners B. H. Brucks of Hondo, J. B. Ney of D'Hanis and G. B. Grant of Devine were present,

but expressed no opinion. No definite action was taken, but a decided sentiment in favor of improving the roads in the county was awakened. Medina County has been brought into the limelight by the construction of the Medina River dam and the prospect of having many acres in the county devoted to scientific farming within a short time, and the people there feel they must keep their county well in the front among Texas counties. Judge Haass said that the date for the election in the Devine precinct would be fixed within a week.—Saturday's Express.

The road matter for a third class road petitioned for by Fritz Bohlen et al. near Verde bridge was dropped and matter withdrawn, parties agreeing on gates, etc.

The petition for a first class road from Cliff postoffice west to intersect the Castroville-Diversion Dam road, filed by C. Schuchart et al, was granted and the court will review the proposed road at a date to be set hereafter.

Justice precinct No. 8 was established coextensive with election district No. 13, Maverick, and precinct lines changed accordingly.

The petition by patrons of school district No. 11 to establish a new district out of said district east of the Hondo creek was postponed.

Petitions were filed by voters of Precinct No. 4 for an election to determine whether or not road bonds amounting to \$40,000 for the purpose of good roads were filed and election ordered, date to be set later.

The application of the Medina Valley

Irrigation Company, by A. Y. Walton, resident engineer, for certain changes in the Castroville-Devine Road, the Lytle-LaCoste road and the Coal Mine LaCoste road, so as to conform to the 40-acre tracts laid off by said company, was heard and it was ordered that the court in a body view the proposed changes on Thursday, Aug. 22nd, 1912. Various accounts were allowed and ordered paid.  
The court adjourned Saturday afternoon.

## Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

## TAKE The CARDUI Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

## The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

(H. J. R. No. 10.) House Joint Resolution.

House Joint Resolution proposing an amendment to Section 5, of Article II, of the Constitution of the State of Texas, providing for cities of more than five thousand (5,000) inhabitants to adopt their charter by a vote of the people.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 5 of Article II of the Constitution of the State of Texas be amended so as to hereafter read as follows:

Section 5. Cities having more than five thousand (5,000) inhabitants may, by a majority vote of the qualified voters of said city, at an election held for that purpose, adopt or amend their charters, subject to such limitations as may be prescribed by the Legislature, and providing that no charter or any ordinance passed under said charter shall contain any provision inconsistent with the Constitution of the State, or of the general laws enacted by the Legislature of this State; said cities may levy, assess and collect such taxes as may be authorized by law or by their charters; but no tax for any purpose shall ever be lawful for any one year, which shall exceed two and one-half per cent of the taxable property of such city, and no debt shall ever be created by any city, unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and creating a sinking fund of at least two per cent thereon; and provided further, that no city charter shall be altered, amended or repealed oftener than every two years.

Sec. 2. The Governor of this State is hereby directed to issue the necessary proclamation, submitting this amendment to the qualified voters of Texas at the next general election held in this State, or in case any previous election shall be held in this State for other purposes, then this proposed amendment shall be submitted to the qualified voters of the State. At such election, those favoring the amendment shall have written or printed on their ballots, the words: "For amendment to Section 5, Article II, of the Constitution, authorizing cities of more than five thousand inhabitants to adopt their charters by a vote of the people;" those opposing said amendment shall have written or printed on their ballots the words: "Against amendment to Section 5, Article II, of the Constitution, authorizing cities of more than five thousand inhabitants to adopt their charters by a vote of the people." The sum of five thousand dollars, or so much as is necessary, is hereby appropriated out of the Treasury of the State of Texas out of moneys not otherwise appropriated to pay the expenses of the publication of this amendment and the proclamation for the election.

## PROPOSED AMENDMENT TO THE STATE CONSTITUTION PROVIDING THAT MEMBERS OF THE BOARD OF REGENTS OF THE STATE UNIVERSITY AND BOARDS OF TRUSTEES AND MANAGERS OF THE EDUCATIONAL, ELEEMOSYNARY AND PENAL INSTITUTIONS SHALL BE ELECTED OR APPOINTED FOR THE TERM OF SIX YEARS.

(H. J. R. No. 9.) House Joint Resolution.

An Act proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding a new section thereto, to be entitled "Section 30a"; providing that the members of the Board of Regents of the State University, and the boards of trustees or managers of educational, eleemosynary and penal institutions of the State and such other boards as have been, or may hereafter be established by law, may be elected or appointed for term of six (6) years, one-third of the members of said boards to be elected or appointed every two (2) years in the manner provided by law, fixing the time for holding the election, and making the appropriation therefor. Be it resolved by the Legislature of the State of Texas: Section 1. That Article 16 of the Constitution be amended by adding a new section thereto, to be known and

designated as "30a," and to read as follows:

Section 30a. The Legislature may provide by law that the members of the Board of Regents of the State University and Boards of Trustees or Managers of the educational, eleemosynary, and penal institutions of the State, and such boards as have been, or may hereafter be established by law, may hold their respective offices for the term of six (6) years, one-third of the members of such board to be elected or appointed every two (2) years in such manner as the Legislature may determine; vacancies in such offices to be filled as may be provided by law; and the Legislature shall enact suitable laws to give effect to this section.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors for the members of the Legislature, at the next general election to be held in this State, at which election all voters favoring said proposed amendment shall have printed or written on their ballots: "For the amendment of Article 16 of the Constitution of the State of Texas, regulating the term of office of the Board of Regents of the State University, and other Boards of Trustees, or Managers, heretofore or hereafter established by law." And all voters opposed to said amendment shall have printed or written on their ballots the words: "Against the amendment of Article 16 of the Constitution of the State of Texas, regulating the term of office of the Board of Regents of the State University, and other Board of Trustees, or Managers, heretofore or hereafter established by law."

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election, and have the same published, as required by the law of this State.

Sec. 4. The sum of five thousand dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated, to defray the expenses of said proclamation, publication, and election.

## Indian Killed On Track.

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it's that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Gripp," writes J. R. Watts, Floydada, Texas, "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at W. H. Windrow's.

## Confiding World.

That this is a confiding world is still proved by the sale of hair restoratives by bald-headed men, and the peddling of books on "How to be Rich" by youthful peddlers working at \$2 a day.

**READ THESE LETTERS**  
MR. C. ROBINSON, Wharton, Tex., says: "I bought an 'OLD HICKORY' 7 years ago last fall. It has never seen a shed, and the tires are still tight. Whenever I need another wagon it will surely be an 'OLD HICKORY'."  
MR. E. WINTERBURN, Bock No. 1, Berherton, Tex., says: "I know this. I saw four different makes of wagons tried against the 'OLD HICKORY' hauling three tons loads at Exton, and the 'OLD HICKORY' came out best."  
MR. T. P. BUCKER, Bock No. 1, Wharton, Tex., says: "I am the owner of one

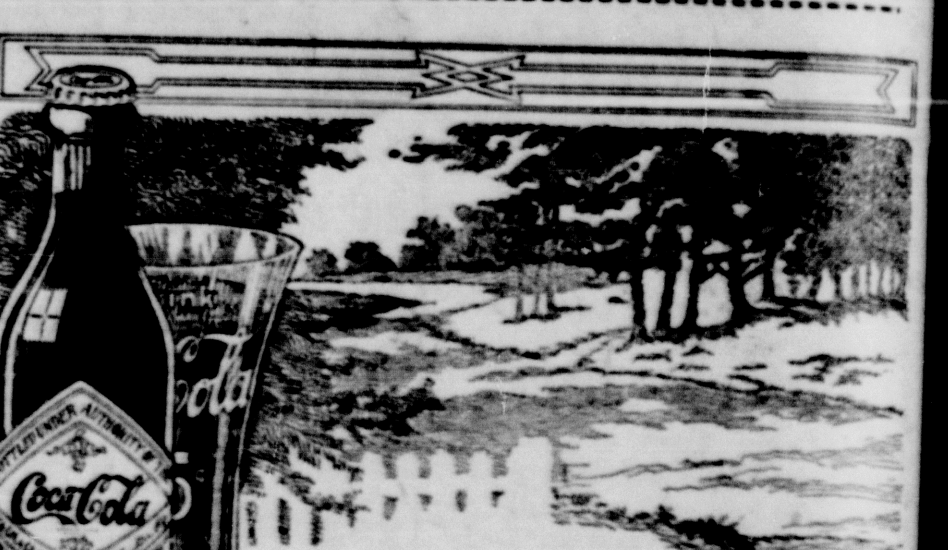

of your "OLD HICKORY" wagons which I purchased 30 years ago at Lexington, and it will hold up as much as four horses will pull yet. MR. CLAUD BACRY, Pennock, Wyo., says: "I have used 'OLD HICKORY' wagons a great deal and consider there is no wagon compared with them for light running and lasting qualities. I must have another wagon soon and nothing suits me but the 'OLD HICKORY'."  
MR. T. D. BICKLEY, Groets, Tex., says: "I have one of your 'OLD HICKORY' wagons that I have used 25 yrs, and it is a good wagon yet."

**THE BEST PROOF OF OLD HICKORY QUALITY IS ITS RECORD OF SERVICE THROUGHOUT THE COUNTRY**  
All the claims in the world can't put quality where it isn't. The testimony of hundreds of thousands of owners is absolute proof that the quality of "OLD HICKORY" wagons is built in. Note the few letters at the left, selected at random. Hundreds of thousands of "OLD HICKORY" owners are getting just that kind of service—it costs them less by the year than any other wagon service they could buy.

**EXTRA QUALITY MEANS A BIG SAVING IN YOUR WAGON INVESTMENT**  
Remember that the cost of a wagon depends on how many years it will last, and what the repair expense is. The cost of an "OLD HICKORY" wagon is the first price spread out over twenty, twenty-five, thirty, thirty-five or forty years. Repair expense is minimum.

## Ballard's Snow Liniment

Is a Healing Remedy for All Ailments of the Flesh of Man and Beast.

The speed with which this splendid liniment heals up a bad wound or sore has surprised and pleased those who were accustomed to the slower and uncertain effect of less powerful remedies. It mends the lacerated flesh so quickly that there is but little time lost from work. In relieving rheumatic pains, neuralgia, sciatica, it has done and is doing a wonderful work. Many chronic victims of these diseases have found to their great satisfaction that it cures an attack in a fraction of the time required by the ordinary treatment.

It is equally effective in the flesh ailments of animals. Owners of blooded stock value it highly for two reasons: It heals sores and wounds quickly, and leaves no disfiguring scars. This remedy is needed in every home. If its great power and efficacy was generally known, no family would be without it.

Too busy for editorial dope. Ar'n't you glad?

ELSEWHERE in this paper appears four proposed Constitutional Amendments to be voted on at the general election in November. Read them over at your leisure and decide intelligently how you will vote on the same.

THE Hondo Anvil Herald of last week appeared with this lone editorial paragraph: "The editor of this paper attended the Democratic convention in San Antonio this week. 'Nuff said'". This may be a sufficient excuse for a failure to write any more editorial, but a similar excuse will not go on account of the editor's attendance upon the Texas Dry Farming Congress in Uvalde, which it is assumed will entice him. Still, San Antonio drinking water has a reputation for being perfectly harmless.—San Antonio Express. We wonder how drinking water ever had a chance to establish a reputation in San Antonio, or how the editor of the Express ever got wise to it!

THE State will now have at least a brief respite from political turmoil, and can go ahead with its work of material development.—Hondo Anvil Herald. What! With Colquitt in the Governor's chair for the ensuing two years, the State to enjoy a respite from political strife and turmoil? Friend Davis must indeed be an optimist of purest ray serene, to even suggest such a desired consummation. The natural pugnacity of the Governor and his abnormal appetite to keep himself in the public eye preclude the possibility of an absence from strife and turmoil.—Texas Republic. Well, any way we had a respite—until the militant editor of the Republic could get out another issue of his paper!

MEDINA County's bonded indebtedness has been reduced to \$20,500. This is held by the county's permanent school fund so that the interest it draws is returned to the people in available school funds. As these bonds are redeemed, a new investment must be found for these permanent school funds or the county will lose the interest from its available school fund. Of course, this can be invested in outside securities, but in that event outside counties would get the benefit of the improvements these funds would afford. Therefore, it seems to the Anvil Herald that it would be the part of wisdom for our home people to find an investment for them. And in the event such investment is sought, what better could be found than a bond issue for permanent road building? In the event a satisfactory understanding of how the money is to be spent—on what roads and for what character of work—

## Mrs. E. F. Callahan.

Died in Hondo, Aug. 17, 1912. Mrs. E. F. Callahan, aged 79 years, 5 months and 10 days.

Our mother was a native of Missouri, but her parents moved to Arkansas when she was a mere girl and remained there until she was grown. In 1854 she was married to M. J. Sedberry, who at that time had three children, two daughters and one son. To this union were born three more, two sons and one daughter, David S., William M. and Julia Ann Sedberry. Two of these died while young. The eldest boy grew to manhood and married, but he and his wife both died soon afterwards. A few years afterwards she gave up her husband. Bereft of all her family she felt that she had drunk the very dregs from sorrow's cup. In 1897 she was married to N. Callahan.

She moved with the family of G. W. Monkhouse to Hondo in the fall of 1906, where she remained until Oct. 1909 when she returned to her old home in Gonzales. After several changes she returned to Hondo in May 1910, where she spent the remainder of her life.

She had not been very well at any time during the present year, and on July 2nd, in company with her daughter, Mrs. M. C. Dismukes, and her grand-daughter, Mrs. W. P. Waldrep, she visited Gonzales for her last time.

Since her return home her health and strength had failed rapidly. At 2 o'clock, a. m., August 17th, she was stricken with paralysis, and after a few hours of suffering, at 8:10 a. m., she passed over the river and into a brighter world where our Savior had prepared a place for her.

Funeral services were held at her home at 5 o'clock, p. m. by her pastor, Rev. M. L. Darby. On Sunday morning, Aug. 18th, the remains, accompanied by her daughter, Mrs. G. W. Monkhouse, and her two grand-sons, Chas. and Joe Monkhouse, were carried to Gonzales for interment. Upon reaching the station the remains were carried to the residence of her grand-daughter, Mrs. W. P. Waldrep. Here again at 5 o'clock services were held in the presence of a large number of her old friends by her former pastor, Rev. Gaston Harshfield. At 6:30, when the shades of evening began to fall, her frail little body was consigned to its last resting place by the side of her first husband and children in the beautiful city of the dead, the Masonic cemetery of Gonzales.

She leaves two step-daughters, Mrs. M. C. Dismukes of Brownwood, and Mrs. G. W. Monkhouse of Hondo, and 21 grand-children, besides other relatives.

Mrs. G. W. M.

## From Falfurrias.

Falfurrias, Texas, July 16, 1912. Miller Brothers Company, Falfurrias, Texas.

I left Hondo Texas, in a wagon, on July 1st 1912 and drove through the country to Falfurrias, Texas. In driving through I stopped one day at Matthis, Texas; one day at Sandia and one day in Alice. I arrived in Falfurrias on Saturday, the 13th. Soon after arriving I met the Miller Brothers and we arranged to drive to Copita at noon and after dinner drove over the country and inspected the crops and found cotton and feed crops very fine.

I consider the Copita Country an ideal farming country with good land and an abundance of good water easily obtained. After spending the day in the Copita Country, we returned to Falfurrias and had a good night's rest at the Park Hotel and by an arrangement with Mr. Garland Miller, we met at his office on the following day and drove over his home-place and shared his hospitality for an hour. In order for us to get a better view of the surrounding country, he invited us to his roof garden and there we had a view of one of Mr. Lasater's fine dairy farms and also a splendid view of the city of Falfurrias, then back to the Hotel for dinner.

Mr. Miller agreed to call for us at 2:30 and carry us out to see the fine dairy herds and milk stations of his brother-in-law, Mr. Lasater. After arriving at the station, we found one of the finest Jersey Herds, imported from the Island of Jersey, our eyes ever looked upon, and found the management up to date, as we consider, and looked over his ideal home and water-works, and wound up by visiting his fine herd of Tamworth hogs. We passed back through his fine farm and saw fine crops growing.

We consider that Mr. Lasater and Miller Brothers are doing a great deal for the development of this country. After looking over this country, we do not see one word of inflation in Miller Brothers literature. In fact, the half has not been told about what can be done in the Falfurrias County with diversification and good management. Anyone who studies the fine breeds of horses, mules, hereford cattle, jersey cattle, hogs and sheep which they have here, and the cotton, sorghum cane, kaffir corn, milo maize, cow peas and spanish peanuts and the fruit development, will be convinced of this.

Yours truly,

A. J. SWEARINGEN.

## Dodson's Liver-Tone

### Instead Of Calomel

Just as Sure—Always Safe—No Bad Effects Ever Follow This Pleasant Tasting Liquid.

As a remedy for a torpid liver calomel has more than met its match in Dodson's Liver-Tone. It does not lash the liver on to perform its work at the cost of its strength.

Calomel depends for its power upon exciting the liver to do more work, and often the liver is too weak to stand such treatment, and you are worse off than before.

Dodson's Liver-Tone cannot cause any of the dangerous effects that often follow the use of calomel. It is entirely vegetable and pleasant to the taste, and is suitable for children and grown people.

Get a 50c bottle at W. H. Windrow's under the guarantee that if it doesn't satisfy you that it is a perfect substitute for calomel you get your money back.

# Composite Motor Car Master-Piece, The New Hudson "37", Is Coming To This City

News was received today by C. W. Roberts, the Hudson dealer, that the first new Hudson "37" scheduled for this territory is now on its way, having been shipped by the Hudson Motor Car Company, Detroit, Mich., to its local representative.

The car is a beautiful gray touring model of massive proportions, and is the composite masterpiece of forty-eight leading automobile engineers working under the direction of Howard E. Coffin, the foremost American motor car designer. The car is electric self-cranking and electrically lighted. It embodies the utmost conveniences, in that there is no movement in the operation of the car which cannot be performed from the driver's seat.

The car is scheduled to arrive within the next ten or twelve days.

Don't you think you had better wait and see this car before buying?
